How To Make A Pomander Ball:

Make a Pomander Ball. You will need: an orange or lemon, ribbon, whole cloves

Tie the ribbon around your orange (or lemon) like a present! You might want to use a pin or tape to help keep it in place.

Press the cloves into the orange (or lemon). You can make a pattern like stripes and spirals, or you can place them randomly. The Pomander helps make the room smell really good and will also help keep bugs away!
